

Amy Johnson

Why we are learning about Amy Johnson

You are learning about Amy Johnson because she was a very famous British pilot who flew her plane, called Jason, on her own, all the way to Australia. She was the first woman to fly this dangerous journey which took her 20 days. This was at a time when people had only been flying planes for a very short time so she was very brave. She was also able to do other jobs, like mending planes that, at that time, only men did. She was determined that nothing should stand in her way. This made her a great role model for other women. There were other famous women aviators at the time, such as the American Amelia Earhart, but Amy Johnson was the best-known British one and soon became a heroine in this country.

Amy Johnson

Key vocabulary

Aviator	Someone who flies the plane
Determined	Never gave up

Top takeaways

In this topic you will learn:

1. Amy had always wanted to fly and took lessons in her spare time when she was working as a secretary
2. She was also an engineer who knew how to mend planes
3. This was unusual at that time, but Amy wasn't afraid of doing what was normally men's work even if it was hard and dirty.
4. She bought her own plane and flew on her own to Australia in 1930, taking her 20 days. She was the first women to ever do this.
5. She was determined to achieve anything she wanted and wouldn't let anything stand in her way
6. She became a national heroine and a great role model for women at that time

Name:

Class:

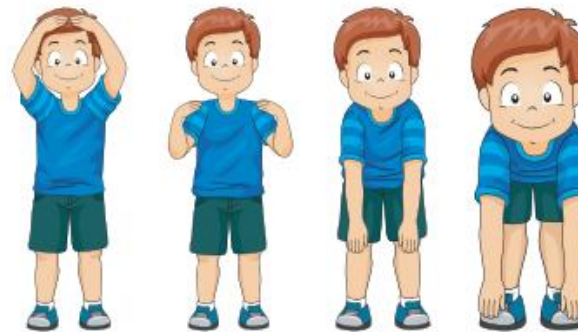

Tony Chestnut

Year 2 Term 1

Phrase = a musical sentence.

Melody = the tune.

'Tony Chestnut knows I love him'

head

shoulders

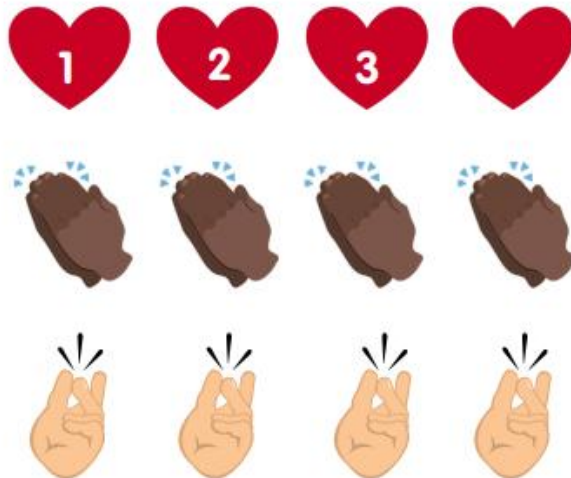

knees

toes

Steady beat:

The heartbeat of the music ...

Keep your actions on the beat.

"Cuckoo call"

Sing your name to the 'Cuckoo call' notes.

Improvise = make it up on the spot.

Echo echo echo = copy back the song or sounds to the leader.

Call-and-response

my turn

your turn

1

Tuned percussion:

xylophone

glockenspiel

Can you think of any more?

Untuned percussion:

bass drum

cymbals

castanets

Can you think of any more?

Did you know ...

Untuned and tuned instruments make up the percussion section in an orchestra.

These instruments can play a tune.

Look carefully. Can you name any of these instruments?

These instruments do not play a tune.

Hi lo chicka lo
(progression song)

Hi lo chick-a lo
chick-a lo
chick-a lo
Hi lo chick-a lo
chick-a lo Hi!

How confident do you feel making up call-and-response patterns and playing the melody on tuned percussion instruments?

Add a comment:

Wonderful words

Creation: the act of God creating the world and everyone in it and everything that has been created by God

World: the planet and everything and everyone in it

Belief: trust or confidence in something

Thank: to express gratefulness for something

Harvest: to gather in crops and a Christian celebration

God: the all loving and all powerful being that Christians believe created the world and everything in it

Believe: to accept that something is true

Bible: the holy book for Christians, comprising the Old Testament and the New Testament

Genesis: the first book of Moses for Jewish people and the first book of the Old Testament for Christians

Praise: to show and express gratitude and thanks to God

So how does it all work?

God's Creation

Christians say thank you to God

Important information

The first book of the Bible is the book of Genesis which in Chapters 1 and 2 tells Christians the story of how God created the world and everyone in it. This is known as the Story of Creation.

The story tells Christians how God made the world in six days and then on the seventh day he rested. Although some Christians may disagree with the events of Creation, they all believe that God is responsible for creating everything in some way.

Christians have a very strongly held belief that they should look after everything that God has created, and they should thank him for the world and everything in it.

Although Christians can thank God, pray to him and worship him at any time, the festival of Harvest is a key time in the Christian year when they praise him for Creation. This is a time when Christians can thank God for all he has made and for all they have been given. Christians will be singing songs about God as creator and about all he has given people.

Lesson Sequence

1. Discover the basic parts of the human body

2. Learn about your eyes and sight

3. Learn about your ears and hearing

4. Explore the tongue and taste

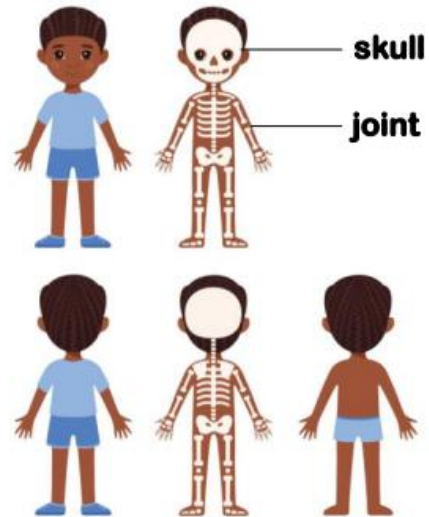

5. Explore your sense of touch

6. Discover how your nose smells

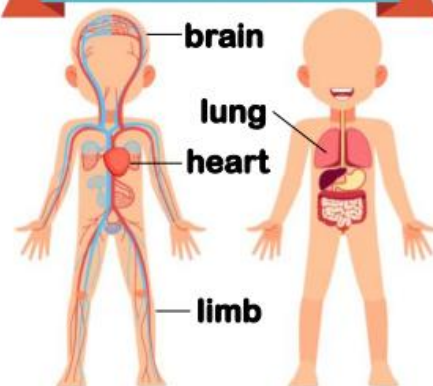

Human Skeleton

BODY PARTS

The Human Organs

5 SENSES
